

Letter of Correction Form

1. Aerodrome's accountable manager's name:	2. ASI Name and Nr:
3. Aerodrome Name:	

4. Address:

5. Type of Operating Certificate
 Aerodrome Operating Certificate Temporal Operating Certificate

6. Certification Date:	7. Aerodrome Category:
------------------------	------------------------

8. Type of certificate inspection:
 Annual Periodic Surveillance

9. Inspection Date:

Inspection of the above named Aerodrome has revealed that it is not in compliance with the requirements of Part XIV of the GCARs, ICAO prescribed standards, the Aerodrome Manual and the Aerodrome Operating Certificate. We have given consideration to all available facts and conclude that this matter requires timely corrective actions. If the Aerodrome does not take appropriate corrective actions to correct the discrepancies in a timely manner, enforcement actions may be necessary.

In this regard, we are issuing you this notice which will be made a matter of record. We expect your future compliance to the GCARs and all the prescribed Documents.

You are required to return this form to the attention of the Director of Flight Safety Standards when discrepancies are not corrected by the agreed upon date.

10. ASI identified discrepancies:	Discrepancies corrected (completed by Aerodrome personnel)
