

PUBLIC NOTICE!!

The general public is hereby informed that works on the rehabilitation of the Passenger Terminal Building at Banjul International Airport will commence on the **12th November 2018** for a period of ten months.

During this period, access to the terminal building will be limited to **only traveling passengers** when works are in progress.

Management of Gambia Civil Aviation Authority therefore solicits the usual cooperation and understanding of the general public as we strive to constantly improve facilities and infrastructure at the airport geared towards enhanced service delivery.

Signed----

(GCAA MANAGEMENT)
