**INVITATION TO BID FOR THE CONSTRUCTION OF A NEW AIRPORT TERMINAL
AND RELATED ANCILLARY FACILITIES TO DESIGN, BUILD, FINANCE,
OPERATE, MAINTAIN, AND TRANSFER**

The Government of the Gambia, through the Ministry of Transport, Works, and Infrastructure (MOTWI) and the Gambia Civil Aviation Authority (GCAA), invites Interested Bidders to submit a Proposal for the Construction of a new Airport Terminal and Related Ancillary Facilities, as detailed in the scope of the Request for Proposal (RFP) Bidding Document to be procured by Interested Bidders.

The purpose of launching this project is in consideration of the significant increase in air transport demand, which led to the congestion of both the aircraft apron and the passenger terminal building, and the need to rehabilitate other related infrastructures, such as the runway. Thus, against this background, The Government of The Gambia considered the need for the Construction of a new Airport Terminal and related ancillary facilities at the Banjul International Airport, in order to provide adequate facilities and infrastructure aimed at not only meeting international safety and security standards but also improve operational efficiency and hold its competitive position with other regional international airports.

In this regard, interested firms are invited to bid for the **CONSTRUCTION OF A NEW AIRPORT TERMINAL AND RELATED ANCILLARY FACILITIES** for the tender reference **(MOTWI/PPP/2025/RFP/04/28)**. The implementation of this project is to be operated under a Public-Private Partnership (“PPP”), **Design, Build, Finance, Operate, Maintain, and Transfer Model** with MOTWI as the Contracting Authority.
